

SECUNORM PROFI25 MDP
THE ALL-ROUNDER THAT CAN GO DEEP.

THE SAFER WAY TO CUT.

martor

SECUNORM PROFI25 MDP
NO. 120701

Original size

Metal detectable

While working, a cutting tool – or parts of it – can sometimes get lost. But only for a short while. Because the plastic that can be detected by a metal detector ensures that you find it again fast.

No paint

You would like to avoid risks in your job, wherever possible? That's understandable. An unpainted handle minimises the risk of contamination of the production process.

Robust handle

The plastic insert of the SECUNORM PROFI25 MDP is in an aluminium handle. With its robust design, it is predestined for high cutting frequencies and a long life.

2-cutting edge blade

Before you have to change the quality blade, you can turn it around once. This doubles the usage time of the blade – and reduces the energy you use up. Because your product cuts like new again.

Tool-less blade change

Blade changing is quick to work out. Literally. You just need to slide the metal detectable plastic insert out of the handle and replace the old blade with a new one.

Professional in every respect. Metal detectable.
With rounded-tip trapezoid blade.

Our SECUNORM PROFi25 MDP is aptly named. "PROFI" because this safety knife really does behave professionally. Whatever the situation, whatever the cutting material. The "25" is in reference to its impressive blade extension of 25 mm, with which even 3-ply cardboard can be cut. And finally, the "MDP" tag means that all plastic parts of this knife can be detected by a metal detector.

PRODUCT FEATURES

Technical features

	High safety		Metal detectable
	X-ray detectable		Tool-less blade change
	Very abrasion resistant		Very ergonomic
	2-cutting edge blade		Cutting depth
	Rounded-tip trapezoid blade		For right and left handers
	Stainless		

Main cutting materials

	Cardboard: up to 3-ply		Wrapping, stretch and shrink foil
	Plastic strapping band		Tape
	Bagged goods		Layers of foil or paper

Installed blade

	NO. 160099 0.63 mm, rounded blade tips, deep-edged, stainless
--	--

Optional blade

	NO. 199 0.63 mm, deep-edged, stainless
--	---

Application

Safety technology

Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM PROFi25 MDP guarantees a high degree of safety from cut injuries. As soon as you have started to cut, take your thumb off the slider. Then the blade will retract into the handle immediately after leaving the material being cut.

THE PERFECT FIT FOR ALL.
DOES THE PERFECT JOB.

SECUNORM PROFIZ25 MDP

- › Large cutting depth
- › Very abrasion proof thanks to the aluminium
- › Metal detectable plastic
- › Automatic blade retraction
- › GS-certified for approved safety

PRODUCT DETAILS

Order No.	NO. 120701.02		
Packaging unit	1 in single unit box (10 in multipack)		
Knife size (L x W x H)	143 x 17 x 31 mm		
Main material	Aluminium		
Weight	84.5 g		
Cutting depth	18 mm		
Spare blade	NO. 160099.70		
Packaging unit	(10 in safety dispenser)		
Size (L x W x Thickness)	55.5 x 19 x 0.63 mm		
Certified	GS certificate NO. 179404-7116-55094-2020/2		
Accessories			
BELT HOLSTER S WITH CLIP		NO. 9920	
HOLSTER SMALL		NO. 9842	
USED BLADE CONTAINER		NO. 9810	
WALL MOUNT BRACKET USED BLADE CONTAINER		NO. 9845	
SAFEBOX		NO. 108000	
MDP TEST CARD SET		NO. 9910	

CONTACT AND SERVICE

What makes our cutting solutions even safer?
Our advisory services! We are always on hand,
to give advice, to provide you with training ma-
terial, to meet with you in person if necessary.

You will find further information on our website:
www.martor.co.uk

At a glance: the safety poster shows the most
important functions and correct usage – perfect
for your workplace.

Everything you want to know: dimensions,
properties, special features and more about our
cutting tools can be found in the technical data
sheet.
