SECUNORM 500

NO. 50000210

Original size

To protect your products

With the shortened blade, you avoid contact with your products. This means you can work without having to constantly check the cutting depth. The handle narrows at the tip so that the cutting point is always in view.

Ergonomic handle

The good "Ergonomics" can be felt all over the SECUNORM 500, for example in the newly shaped handle which fits comfortably into the hand. Or in details such as the nicely rounded knife end or the non-slip soft-grip on the slider.

Abrasion resistant

The robust aluminium handle is designed for the most demanding and frequent cutting tasks. Like its popular predecessor, it is a tough all-rounder capable of taking on any cutting challenge.

Double-sided slider

With the predecessor, the SECUNORM PROFI, there were both left and right handed models. With the modern successor, anyone can cut effectively – with the ability to change hands when the task requires it.

Tool-less blade change

Blade changing without tools. The SECUNORM 500 comes with an intuitively operated blade change button. Press once to remove the blade carrier with its securely held blade.

The safety knife. With rounded-tip trapezoid blade and 9 mm cutting depth.

Over 40 years ago the SECUNORM PROFI set standards in safety, robustness and ergonomics. Its successor goes several steps further. For example, the new aluminium handle significantly improves handling and makes cutting easier, the new slider can be operated from both sides and the blade change has been made so much simpler. Together these improvements combine with the proven automatic blade retraction to increase protection from cutting injuries.

PRODUCT FEATURES

Technical features

	High safety		Safer blade change (with magnet)
	Very abrasion resistant		Very ergonomic
	2-cutting edge blade		Cutting depth
	Rounded-tip trapezoid blade		Ceramic blade insertable
	Soft grip		For right and left handers

Main cutting materials

	Cardboard: up to 2-ply		Wrapping, stretch, and shrink foil
	Plastic strapping band		Tape
	Bagged goods		Layers of foil or paper

Installed blade

	NO. 65232 0.63 mm, rounded blade tips, deep-edged
--	--

Optional blade

	NO. 65232C 0.65 mm, ceramic, rounded blade tips, deep-edged
	NO. 5232 0.63 mm, deep-edged NO. 5233 0.63 mm, 1-sided ground-edge
	NO. 610 0.63 mm, stainless NO. 852 0.63 mm, stainless, TiN-coated NO. 56 0.63 mm
	NO. 5634 0.63 mm, rounded blade tips

Application

Safety technology

Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM 500 guarantees a high degree of safety from cut injuries. As soon as you have started to cut, take your thumb off the slider. Then the blade will retract into the handle immediately after leaving the material being cut.

THE PERFECT FIT FOR ALL. DOES THE PERFECT JOB.

SECUNORM 500

- › For high cutting frequencies
- › Ergonomic handle for left and right handers
- › Very abrasion proof thanks to the aluminium
- › Automatic blade retraction
- › GS-certified for approved safety

PRODUCT DETAILS

Order No.	NO. 50000210.02	
Packaging unit	1 in single unit box (10 in multipack)	
Knife size (L x W x H)	143 x 16 x 36 mm	
Main material	Aluminium	
Weight	72.5 g	
Cutting depth	9 mm	
Spare blade	NO. 65232.70	
Packaging unit	(10 in dispenser)	
Size (L x W x Thickness)	50.1 x 19 x 0.63 mm	
Certified	GS certificate NO. 603574-6653-55094-2018	
Accessories		
BELT HOLSTER S WITH CLIP		NO. 9920
HOLSTER SMALL		NO. 9842
USED BLADE CONTAINER		NO. 9810
WALL MOUNT BRACKET USED BLADE CONTAINER		NO. 9845
SAFEBOX		NO. 108000

CONTACT AND SERVICE

What makes our cutting solutions even safer?
Our advisory services! We are always on hand, to give advice, to provide you with training material, to meet with you in person if necessary.

You will find further information on our website:
www.martor.co.uk

At a glance: the safety poster shows the most important functions and correct usage – perfect for your workplace.

From the first cut to changing the blade, our video will show you the best way to use this knife.
