SECUNORM SMARTCUT MDP
NO. 110700

Original size

Can be metal detected
A cutting tool, or parts of it, can get lost while working. But only for a short while. Because the plastic that can be detected by a metal detector ensures you can find it again quickly.

One way, two advantages
The SECUNORM SMARTCUT MDP is a disposable cutter. What that means for you: no risk of injury when changing the blade. The blade also cannot get lost in the production process.

Slider on both sides
With the right hand? With the left hand? The question does not arise. Because we have put a slider on to the SECUNORM SMARTCUT MDP that is accessible from both sides. Choose for yourself!

Perfect handling
The product does not only look handy. Its small, rounded handle actually fits very well in your hand. What's more: the slider is fitted with grooves so that your thumb doesn't slip.

Yes, a cutting tool can be this SMART.

Metal detectable.

Make one cut with this knife and you'll know immediately why it's called a SMART cut. Its light and compact shape is SMART. The fact that it is suitable for almost all types of cutting material is SMART. What's also smart, is that you can use it in sensitive industries without thinking twice. Because its plastic handle is metal detectable and it has a stainless steel blade. Good to know, isn't it?

PRODUCT FEATURES

Technical features

High safety

Metal detectable

X-ray detectable

Disposable knife

Abrasion resistant

Very ergonomic

Cutting depth

For right and left handers

Lanyard hole

Stainless

Main cutting materials

» The stainless steel blade cannot be changed. Blade thickness 0.63 mm.

Certificates and awards

Application

Safety technology

Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM SMARTCUT MDP guarantees a very high degree of safety from cut injuries. As soon as you have started to cut, take your thumb off the slider. The blade can thus withdraw back into the handle immediately after leaving the material being cut.

YOU CAN FEEL THE QUALITY.
