SECUMAX 350 POS SET
NO. 350001

Safety technology

Concealed blade – a maximum degree of safety

The SECUMAX 350 POS SET blade is not an open one, but is hidden from people and goods. This provides you with a maximum degree of safety from cut injuries and from damage to goods.

SAFETY KNIFE WITH CONCEALED BLADE AND VERSATILE BLADE HEAD.

Order No. 350001.89

More fun while you work? Try it out. Now in smart packaging.

The SECUMAX 350 is a combination of versatility, comfort and safety. A maximum degree of safety. Featuring an innovative blade change, this knife is multi-talented. It can be used to cut all standard materials, from film to plastic-strap-ping, from paper to 2-ply cardboard. It splits adhesive tape easily too. And it is so comfortable to hold that you won't want to put it down. It is packaged in high-quality, sturdy, and dirt-resistant POS cardboard that will attract attention in sales areas. Also practical are the ten spare blades included in this attractive set.

A tangible product experience

The perforated, FSC-certified cardboard is ideal for product presentation on a pegboard. The opening around the safety knife invites customers to handle the product and gives them a first impression of its quality.

Useful information

On the back, you can learn more about the product. Illustra-

tions show you how and what you can cut, as well as how to change the blade. Further information can quickly be found in the user manual inside.

Sturdy and durable

The SECUMAX 350 weighs just 38 g, but is a true heavyweight when cutting. High-quality plastic makes this all-rounder ideal for high frequency cutting with a handle that can easily take on such tasks.

Performance plus protection

The blade head's two cutting edges are safely concealed to protect users and goods and are yet capable of safely cutting 2-ply cardboard boxes and much more.

Incl. ten spare blades

SECUMAX BLADE NO. 3550 from MARTOR is a high-quality blade head made of steel and plastic. It is very sharp and has two cutting edges that can be used one after the other for a long service life, as well as two unsharpened tape splitter.

0.50 mm, stainless

BLADE CHANGE

Swing open the **blade magazine**. The fitted blade head will automatically disengage.

Remove the fitted blade from the head of the cutter. Now you can either **rotate or replace** the blade.

Position the spare blade **parallel** to the slanted side of the cutter head. Push the blade in, and then **downwards**, until fully engaged.

Push the blade magazine **back into the handle** to lock the blade head in place.

SAFETY ADVICE

To ensure that you use your new MARTOR knife safely and most effectively, please read and note the following user-instructions. Please keep the written guide in a safe place so that you can access it at any time.

1. General application instructions: Please always use the product carefully for manual cutting work only and not for any purposes other than those that are intended. Please take the correct handling and the proper use of the knives into account in this regard. As an additional safety measure, we recommend the wearing of safe gloves.

2. Special application instructions to avoid the danger of injuries: Always take great care when handling the product. Before first use, familiarise yourself with the safety technology and how it works. Before every further use, check the knife for proper functioning. Only use cutting tools that are in perfect condition with sharp, clean and undamaged MARTOR blades. Also make sure that the knife's operation is not impaired by the material to be cut or by dirt or particle deposits around the blade. **CAUTION: The blade is sharp and can result in serious and deep cuts. Therefore, never reach into the blade!** Do not place your free hand in the line of cutting and never cut directly towards you.

3. Replacement of spare parts: Replace any blades that become dull at the right time! Use only the replacement blades from MARTOR for this purpose. Dispose of old blades in a proper fashion. They should not be placed in a waste paper bin, as this poses a considerable danger of injuries. Never perform any repairs yourself. If the knife shows signs of aging or any other wear, e.g. which impair safety features, blade changing or usage, the knife must be taken out of service and replaced. Do not modify this product in any way. Modifications of any kind may impair product safety. **CAUTION: The risk of injury caused by manipulation of this product is extremely high.**

4. Non-use of the knife: Always secure the blade in such a way (depending on product type) that injuries due to cuts are excluded. Store the knife in a secure place.

5. Care instructions: To guarantee a long service life, always keep the knife clean and do not expose it to unnecessary soiling and humidity.

CAUTION: No liability will be assumed for consequential losses. Subject to technical changes and errors! This knife does not belong in the hands of children!

ACCESSORIES

BELT HOLSTER S

NO. 9920

What do you do with your cutting tools when you are not actually using them? The MARTOR BELT HOLSTER S is a robust holder that allows you to carry all compact MARTOR knives as well as our safety scissors at all times. In addition, the compartments are designed to allow you to load different tools: for example you can also carry a pen or a pack of blades. The MARTOR BELT HOLSTER is the ideal place to stow your tools safely when moving from A to B - and have them at hand, as soon as they are required.

BELT HOLSTER XXL

NO. 9924

The BELT HOLSTER XXL is a real space miracle. With it, you not only transport your MARTOR cutting tools safely from A to B. All other work utensils are always within reach. The BELT HOLSTER XXL has two large compartments: the inner one is lockable, the outer one is equipped with a knife safety device. You are also well equipped when it comes to carrying options. Choose flexibly between strap, Velcro fastener and clip.

TOOL RETRACTOR

NO. 9960

The TOOL RETRACTOR protects your cutting tool from loss and from falling down. Its core is the heavy-duty Kevlar cord that can be extended up to 90 cm. As soon as you let go of your knife, it is returned to you via the flexible cord. Your hands are free for other activities – the knife always remains at hand. The carabiner is designed for your belt loop, the Kevlar look at the other end fits through the eyelet of your cutting tool.

CONNECTOR

NO. 9946

Materials that require cutting can sometimes be too high or too far away. The CONNECTOR from MARTOR helps you to overcome distances when cutting. The CONNECTOR is simple to attach to our SECUMAX 350, 350 SE, 150 and 148 safety knives and makes a stable connection. At the other end, the CONNECTOR can be connected, for example, to the MARTOR TELESCOPIC POLE. You then gain much more reach.

USED BLADE CONTAINER

NO. 9810

You can fill the USED BLADE CONTAINER with the content of your SAFEBOX. Or directly with your used blades. When the box is full, turn the lid until it shuts. Now the box cannot be reopened. The next step is to safely and completely dispose of the filled USED BLADE CONTAINER as normal waste.

WALL MOUNT BRACKET USED BLADE CONTAINER

NO. 9845

Include it in your order now! With this mounting bracket you can fix your USED BLADE CONTAINER to a central location. Use the clamp and screws and nuts supplied with the product to attach it to either a pipe or a rod.

CONNECTOR SET

NO. 9947

Materials that require cutting can sometimes be too high or too far away. The CONNECTOR SET from MARTOR helps you to overcome distances when cutting. It includes the CONNECTOR which can be simply connected to our SECUMAX 350, 350 SE, 150 and 148 safety knives, and the matching MARTOR TELESCOPIC POLE. This set gives you extra reach of up to 95 cm.
