

## TECHNICAL DATA SHEET

---

### ARGENTAX RAPID NO. 594

CUTTER WITH CONCEALED BLADES, ESPECIALLY FOR PREPARING SILICON CARTRIDGES.

---

**Order No.** 594.03

#### **Two blades, one goal: silicon.**

The ARGENTAX RAPID has found its purpose: silicon cartridges. It has two blades to deal with them. One small pointed one, that you can use to scratch and cut open the plug. And a rectangular one which caps the spout opening like a guillotine according to the thickness you require. Nothing can then come in the way of your actual work, such as renewing joints.

#### **Two functions**

Ever had problems with a silicon cartridge? First of all, with the closed plug? And right after that, the spout opening, that is too narrow? The ARGENTAX RAPID can provide first class cutting in both cases.

#### **For left and right handers**

It makes no difference whether you are left or right handed when using the ARGENTAX RAPID. You will always work with the same precision. Any hand can take care of the ARGENTAX RAPID.

#### **Practical eyelet**

You won't have to do without it in this special cutting tool: the practical eyelet for attaching. So you can hang up the ARGENTAX RAPID safely, and always find it again.

#### **Safe when you are on the go**

The cutter has a protective cap to ensure that personal transporting is safe. It covers the pointed blade. The sharp edges of the second blade are best stored in the handle.

## USAGE

---

## PRODUCT FEATURES

---

### Technical features

Disposable knife

Ergonomic

For right and left handers

Lanyard hole

Protection cap

Printable for promotional purposes

### Main cutting materials

Dispensing nozzle

## SAFETY ADVICE

To ensure that you use your new MARTOR knife safely and most effectively, please read and note the following user-instructions. Please keep the written guide in a safe place so that you can access it at any time. As an additional safety measure, we recommend wearing cut-resistant gloves.

**1. Usage advice:** Please use the product carefully for described work only and not for any purposes other than those that are intended. Please take the correct handling and the proper use of the cutting tool into account in this regard.

**2. Special application Instructions to avoid the danger of injuries:** Only use cutting tools that are in perfect condition and have sharp, clean and undamaged blades. Employ the utmost care when handling the knives. **CAUTION: The blade is sharp and can result in serious and deep cuts. Therefore, never reach into the blade!** To reduce the danger of injuries, hold the hand that is being used to restrain and stabilise the

cutting base in such a manner that the restraining hand or even other body parts are not endangered in the event that the knife slips. Do not modify this product in any way. Modifications of any kind may impair product safety. **CAUTION:** The risk of injury caused by manipulation of this product is extremely high. When both cutting edges are no longer sharp, dispose of the knife as general waste.

**3. Non-use of the knife:** Store the knife in a secure place.

**4. Care instructions:** Always keep the knife clean and do not expose it to unnecessary humidity to safeguard a long service life.

**CAUTION: No liability will be assumed for consequential losses. Subject to technical changes and errors! This knife does not belong in the hands of children!**

## ACCESSORIES

---

### BELT HOLSTER S

NO. 9920

What do you do with your cutting tools when you are not actually using them? The MARTOR BELT HOLSTER S is a robust holder that allows you to carry all compact MARTOR knives as well as our safety scissors at all times. In addition, the compartments are designed to allow you to load different tools: for example you can also carry a pen or a pack of blades. The MARTOR BELT HOLSTER is the ideal place to stow your tools safely when moving from A to B - and have them at hand, as soon as they are required.

---

### BELT HOLSTER XXL

NO. 9924

The BELT HOLSTER XXL is a real space miracle. With it, you not only transport your MARTOR cutting tools safely from A to B. All other work utensils are always within reach. The BELT HOLSTER XXL has two large compartments: the inner one is lockable, the outer one is equipped with a knife safety device. You are also well equipped when it comes to carrying options. Choose flexibly between strap, Velcro fastener and clip.

---

### TOOL RETRACTOR

NO. 9960

The TOOL RETRACTOR protects your cutting tool from loss and from falling down. Its core is the heavy-duty Kevlar cord that can be extended up to 90 cm. As soon as you let go of your knife, it is returned to you via the flexible cord. Your hands are free for other activities – the knife always remains at hand. The carabiner is designed for your belt loop, the Kevlar look at the other end fits through the eyelet of your cutting tool.
