

TECHNICAL DATA SHEET

SECUNORM 380 POS SET
NO. 380001

Safety technology

Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM 380 guarantees a high degree of safety from cut injuries. As soon as you have started to cut, take your thumb off the slider. Then the blade will retract into the handle immediately after leaving the material being cut.

SAFETY KNIFE WITH AUTOMATIC BLADE RETRACTION AND A MAX. BLADE EXTENSION OF 7.8 CM.

Order No. 380001.09

Like a cutter – only safer. Even at the point of sale.

A long bladed safety knife? MARTOR has one. The SECUNORM 380 is the first safety knife worldwide featuring a blade extension length of almost 8 cm as well as automatic blade retraction. If you are looking for a low risk alternative to the usual fixed blade cutter, this is it. And its ideal for thicker materials. It is packaged in high-quality, sturdy, and dirt-resistant POS cardboard that will attract attention in sales areas. Also practical are the ten spare blades included in this attractive set.

A tangible product experience

The perforated, FSC-certified cardboard is ideal for product presentation on a pegboard. The opening around the safety knife invites customers to handle the product and gives them a first impression of its quality.

Useful information

On the back, you can learn more about the product. Illustrations show you how and what you can cut, as well as how to

change the blade. Further information can quickly be found in the user manual inside.

Long blade extension

With a blade extension of exactly 7.8 cm, the word „long“ is somewhat an understatement. This knife can be used to safely cut 4-ply cardboard, open sacks, separate paper sheets, slab rolls, carve building foam, slice polystyrene slabs...the list continues.

Ergonomic handle

It goes without saying, the more ergonomic the handle, the easier it is to cut. The SECUNORM 380 with its curved shape, carefully positioned soft grip and ribbed slider, is an ergonomic dream.

Incl. ten spare blades

The STYROPOR BLADE NO. 79 from MARTOR is a high-quality blade made of steel. It is very sharp and has one usable cutting edge. Its length makes it suitable for tasks requiring deeper cuts in manufacturing, logistics or on construction sites.

USAGE

PRODUCT FEATURES

NO. 179
0.50 mm, 109.5 mm long, stainless

NO. 7940
0.50 mm, 71.2 mm long

NO. 17940
0.50 mm, 71.2 mm long, stainless

NO. 879
0.50 mm, 109.4 mm long, TiN-coated

BLADE CHANGE

Only possible when **unlocked**. That means: Don't push the safety device upwards.

Pull the blade change button to the back as marked by the arrow (a), flip the end of the handle downwards (b) and **move the blade out of the handle** by using the slider.

Lift the slider, take out and change the blade, then position the new blade **exactly on the cam**. For left hand use, turn blade over. The two magnets fix the blade additionally.

At last, slide the inner part with the blade **back into the handle** and flip the end of the handle upwards. Release and snap back the blade to ensure flawless functionality.

SAFETY ADVICE

To ensure that you use your new MARTOR knife safely and most effectively, please read and note the following user-instructions. Please keep the written guide in a safe place so that you can access it at any time.

1. General application instructions: Please always use the product carefully for manual cutting work only and not for any purposes other than those that are intended. Please take the correct handling and the proper use of the knives into account in this regard. As an additional safety measure, we recommend the wearing of safe gloves.

2. Special application instructions to avoid the danger of injuries: Always take great care when handling the product. Before first use, familiarise yourself with the safety technology and how it works. Before every further use, check the knife for proper functioning. Only use cutting tools that are in perfect condition with sharp, clean and undamaged MARTOR blades. Also make sure that the knife's operation is not impaired by the material to be cut or by dirt or particle deposits around the blade. **CAUTION: The blade is sharp and can result in serious and deep cuts. Therefore, never reach into the blade!** Do not place your free hand in the line of cutting and never cut directly towards you.

3. Replacement of spare parts: Replace any blades that become dull at the right time! Use only the replacement blades from MARTOR for this purpose. Dispose of old blades in a proper fashion. They should not be placed in a waste paper bin, as this poses a considerable danger of injuries. Never perform any repairs yourself. If the knife shows signs of aging or any other wear, e.g. which impair safety features, blade changing or usage, the knife must be taken out of service and replaced. Do not modify this product in any way. Modifications of any kind may impair product safety. **CAUTION: The risk of injury caused by manipulation of this product is extremely high.**

4. Non-use of the knife: Always secure the blade in such a way (depending on product type) that injuries due to cuts are excluded. Store the knife in a secure place.

5. Care instructions: To guarantee a long service life, always keep the knife clean and do not expose it to unnecessary soiling and humidity.

CAUTION: No liability will be assumed for consequential losses. Subject to technical changes and errors! This knife does not belong in the hands of children!

ACCESSORIES

BELT HOLSTER S

NO. 9920

What do you do with your cutting tools when you are not actually using them? The MARTOR BELT HOLSTER S is a robust holder that allows you to carry all compact MARTOR knives as well as our safety scissors at all times. In addition, the compartments are designed to allow you to load different tools: for example you can also carry a pen or a pack of blades. The MARTOR BELT HOLSTER is the ideal place to stow your tools safely when moving from A to B - and have them at hand, as soon as they are required.

BELT HOLSTER XXL

NO. 9924

The BELT HOLSTER XXL is a real space miracle. With it, you not only transport your MARTOR cutting tools safely from A to B. All other work utensils are always within reach. The BELT HOLSTER XXL has two large compartments: the inner one is lockable, the outer one is equipped with a knife safety device. You are also well equipped when it comes to carrying options. Choose flexibly between strap, Velcro fastener and clip.

USED BLADE CONTAINER

NO. 9810

You can fill the USED BLADE CONTAINER with the content of your SAFEBOX. Or directly with your used blades. When the box is full, turn the lid until it shuts. Now the box cannot be reopened. The next step is to safely and completely dispose of the filled USED BLADE CONTAINER as normal waste.

WALL MOUNT BRACKET USED BLADE CONTAINER

NO. 9845

Include it in your order now! With this mounting bracket you can fix your USED BLADE CONTAINER to a central location. Use the clamp and screws and nuts supplied with the product to attach it to either a pipe or a rod.
